About This Document

This User Manual has been drafted to introduce the functional processes of the proposed Awareness and Training Scheme for Directorate of Sericulture, Government of Uttar Pradesh. The manual aims to provide a comprehensive explanation of all aspects of the portal.

The intended audience for this document is the personnel of the Directorate of Sericulture, Government of Uttar Pradesh, who are already familiar with the organizational processes. The manual will enable them to understand the behavioral details of the web application described in this document.

It covers all the information related to the Awareness and Training Scheme and provides step-by-step systematic instructions for using the portal. It explains how to access the dashboard and the various modules that are available. Additionally, it provides guidance on how to perform different types of searches and how to retrieve specific information as per requirement.

About MARGSOFT Technologies Pvt. Ltd.

MARGSOFT Technologies (P) Ltd. is a leading ISO certified IT Company with over two decades of pragmatic domain experience in the Government and Corporate sector and spanning presence across Singapore, UAE & USA. MARGSOFT fosters a quick and agile technological environment to provide FAST, SMOOTH & RELIABLE IT solutions, and services to different industries and segments. MARGSOFT works as a system integrator by delivering robust and innovative projects with deep tech technologies like AI/ML, IoT, Blockchain, RPA & Open Source Technologies enabling its clientele to streamline their business processes in sync with global standards.

Overview

To increase silk production by providing training in all the methods of new silk production/activities to farmers/entrepreneurs involved in silk activities and farmers interested in silkworm rearing work

Eligibility

- The interested applicant should be a resident of Uttar Pradesh
- The applicant has started silk production work for the first time
- Minimum age 18 years
- The applicant should have an Aadhar card
- The applicant should not have received training in any other scheme

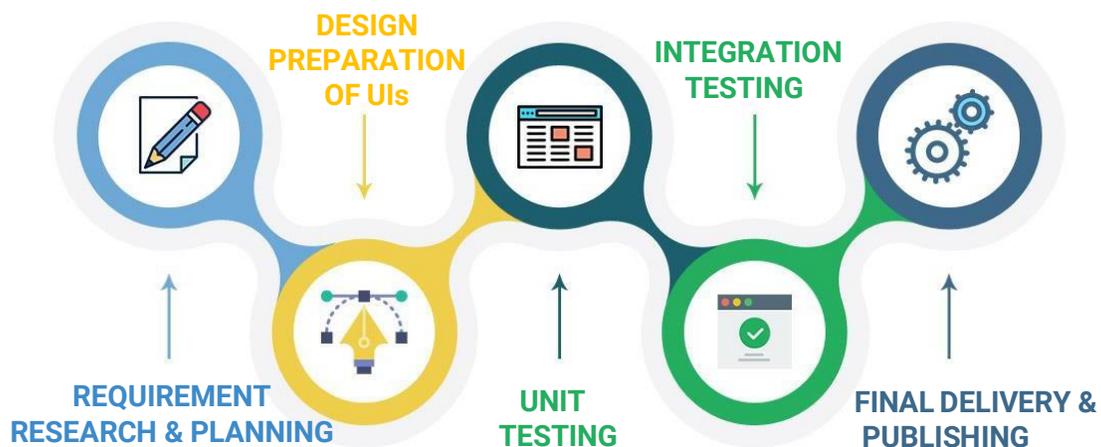

The Methodology

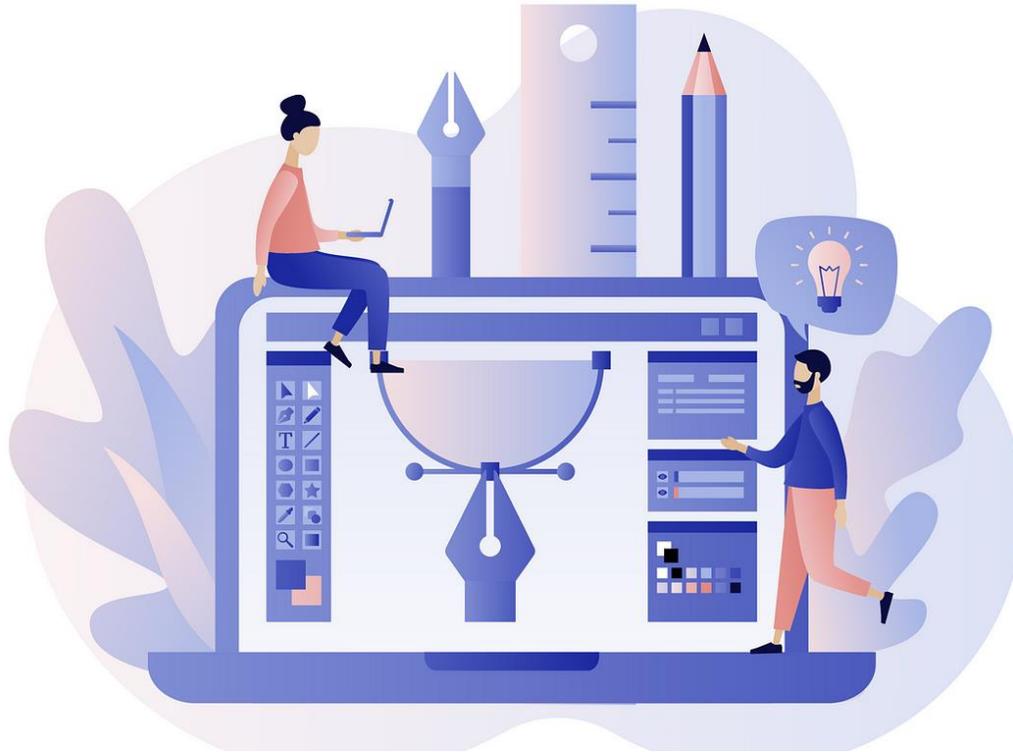

Our Process: A Key to achieving success is to follow a strong and stable process.

We follow the base camp management strategy, which allows smooth interaction across the team managing the venture and the customer, allowing the meaning and practice of the procedures specific to customer needs and venture needs.

By choosing a personalized software development lifecycle model along with strong project management practices, and quality management practices.
